# Ask *Why* Before *How*

## PRICE WITHOUT A PURPOSE = A GUESS

- What single metric must pricing improve **now**?
- Which customer (**ICP**) are we pricing for?
- Does pricing fit our **positioning**?

Additional material:

[Pricing - Reflection Guide](#)

# How Did You Come Up With Your Pricing?

- Cost
- Value
- Competition
- None of the above

# Cost-Plus Pricing

Calculates your business costs and adds a percentage on top

## PROS 👍

Simplicity

Guarantees profitability

## CONS 👎

Ignores your customers feelings

Ignores competitors

# Value-Based Pricing

Customer-focused approach determines how much customers will pay for the product value they get

## PROS 👍

Perception

Loyalty

Bigger profits

## CONS 👎

Smaller market

More competition

# Competitor Based Pricing

## Benchmark existing market prices

### PROS 👍

Less risk

Straightforward

### CONS 👎

Unsustainable

Incomplete information

# Pricing Models

# Pricing Models

- The strategies and techniques that companies use to **determine the price** of their products or services
- The methods through which customers are **charged for using** products or services.
- These models help businesses to set prices that are **attractive to customers** while also ensuring that they are **profitable**.

# Pricing Models

- Flat rate
- Usage-based
- Tier-based
- User-based
- Outcome based
- Feature-based
- Credit-based
- Hybrid-based

# Flat-Rate Pricing

One fixed price for all features

## PROS 👍

Easy to communicate and sell

Easier revenue growth, churn, LTV predictions

## CONS 👎

Difficult to attract different types of users

Hard to extract value from different types of customers

Limits the revenue expansion

Tough to get the price right from the first time

# Flat-Rate Pricing

- 500 GB storage space
- 24/7/365 customer support
- Purchase optional [Timesheet](#) and [Admin Pro Pack](#) upgrades
- Month-to-month billing

**\$15/user per month**

**We only bill you for employees.**  
Invite guests/clients for free.

Try it free for 30 days

# Usage-Based Pricing

The customer is charged based on how much they use the product.

## PROS 👍

Pricing scales with usage

Attracts multiple types of customers with varying price sensitivity.

Superusers generate a lot of revenue for the company.

## CONS 👎

Value may be disconnected from the product.

Difficult for prospective customers to calculate how much they will be paying.

Customers may be discouraged from using the product.

Harder to predict revenue in the future.

# Usage-Based Pricing

## Pricing

Pay only for what you use with per-request pricing.

Output: \$1.20 per 1M tokens

1.05M context length  
128K max output tokens

Knowledge cut-off: Feb 16, 2026

# Outcome Based Pricing

The customer is charged based on core KPI (revenue, resolution...)

## PROS 👍

Revenue = Customer success

Built-in expansion

Signals confidence

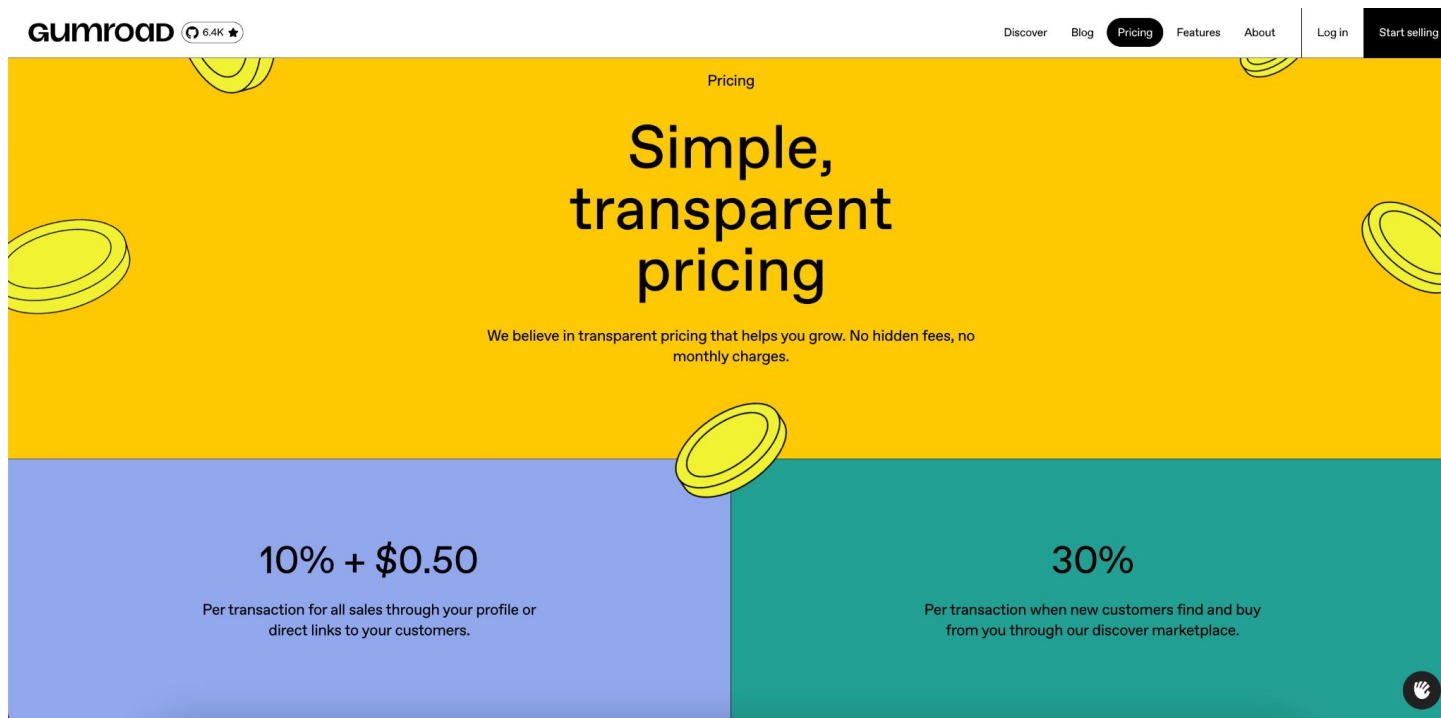

## CONS 👎

Measurement complexity

Revenue volatility

Higher vendor risk

# Outcome Based Pricing

A screenshot of the Gumroad website's pricing page. The page has a yellow header with the Gumroad logo and navigation links. The main content area is split into a yellow top half and a blue bottom half. The yellow half features the text 'Simple, transparent pricing' and a sub-headline 'We believe in transparent pricing that helps you grow. No hidden fees, no monthly charges.' The blue half is divided into two sections: a light blue section on the left with '10% + \$0.50' and a teal section on the right with '30%'. Both sections include a brief description of the pricing model. The page is decorated with several yellow coin illustrations.

**Gumroad** 6.4K ★

Discover Blog **Pricing** Features About Log in Start selling

Pricing

## Simple, transparent pricing

We believe in transparent pricing that helps you grow. No hidden fees, no monthly charges.

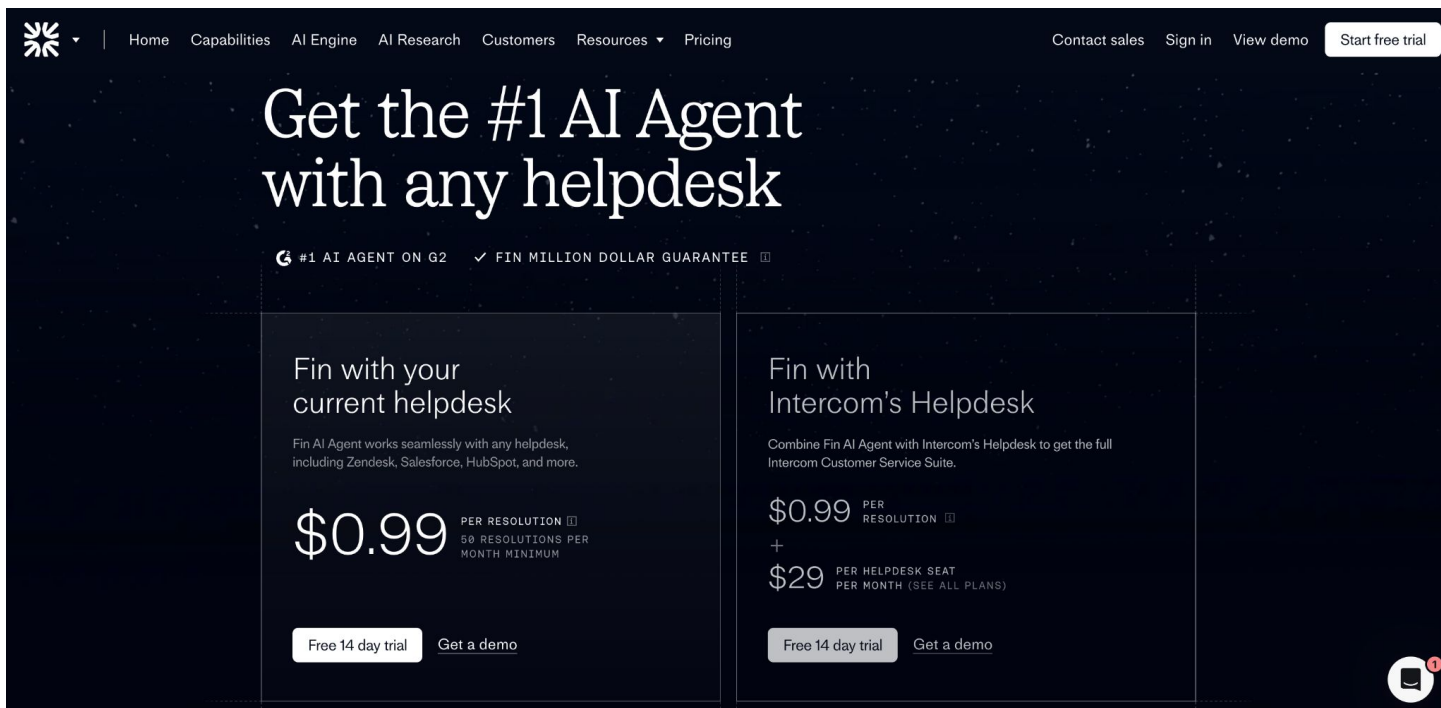

**10% + \$0.50**

Per transaction for all sales through your profile or direct links to your customers.

**30%**

Per transaction when new customers find and buy from you through our discover marketplace.

# Outcome Based Pricing

The screenshot shows the pricing page for the Fin AI Agent. The header includes a navigation menu with links to Home, Capabilities, AI Engine, AI Research, Customers, Resources, and Pricing. There are also links for Contact sales, Sign in, View demo, and a Start free trial button. The main headline reads "Get the #1 AI Agent with any helpdesk". Below this, there are two pricing options:

- Fin with your current helpdesk:** Fin AI Agent works seamlessly with any helpdesk, including Zendesk, Salesforce, HubSpot, and more. The price is \$0.99 PER RESOLUTION (50 RESOLUTIONS PER MONTH MINIMUM). It includes a "Free 14 day trial" button and a "Get a demo" link.
- Fin with Intercom's Helpdesk:** Combine Fin AI Agent with Intercom's Helpdesk to get the full Intercom Customer Service Suite. The price is \$0.99 PER RESOLUTION + \$29 PER HELPDESK SEAT PER MONTH (SEE ALL PLANS). It also includes a "Free 14 day trial" button and a "Get a demo" link.

At the bottom right, there is a chat icon with a notification badge.

# Credit-Based Pricing

The screenshot displays the Shutterstock website's pricing section. At the top, the Shutterstock logo is centered, with navigation links for Images, Video, Music, Editorial, 3D, AI solutions, Studios, and Business services. On the right, there are links for Pricing, a globe icon, a heart icon, and a Log in button. The main heading reads "Shutterstock pricing plans: explore 500M+ assets & easy design tools".

Two pricing plans are featured:

- Packs:** Ideal for creators with a one-time project. It shows a slider for "Downloads (within one year)" with values 2, 5, and 25. The price is €49. Below this, there's a "Select license type" section with "Standard" selected and "Enhanced" as an option. A "Buy now" button is at the bottom.
- Subscribe & Save:** Ideal for creators needing images on a regular basis. It shows a slider for "Downloads per month" with values 10, 50, 350, and 750. The price is €159 /month. Below this, there's a "Select license type" section with "Annual" and "Month-to-month" (selected) options. Under "Month-to-month", there's a "Monthly, no contract" option selected. A "Buy now" button is at the bottom.

# Hybrid Pricing

## Mix & Match

### PROS 👍

Allows for differentiation and customization

Can provide more options for customers

### CONS 👎

Can become too complicated for customers to understand and choose

May require more resources to manage multiple pricing models

|--------------------------------------------------------------|---------------------------------------------------------------------|
| Low commitment and low friction for users to try the product | Requiring a credit card can lower sign-up rates                     |
| Creates urgency and opportunities for engagement             | Short trials may not give enough time to fully evaluate the product |
| Can increase lead quality with credit card requirement       | Longer trials can extend the sales cycle and delay revenue          |
|                                                              | Users may not convert to paying customers                           |

# Free Trial

- 3, 7, 14 or 30 day duration
- Credit card required or No credit card required
- Need to be experienced and evaluated to make a purchasing decision
- Can give users a complete picture of how your product benefits them during the trial period
- Are simple or intuitive enough to use with minimal guidance
- Can't be abused or used for the wrong reason

# Free Trial

The image shows a screenshot of the Calm app's subscription selection screen. The background is a blue gradient with the Calm logo in the top left. The title 'Choose Plan' is centered at the top. There are two main plan cards. The left card has a yellow header 'Limited Time Offer' and features a '7-Day Free Trial' with the text 'then US\$69.99 billed annually, cancel anytime' and a blue 'Get Started' button. The right card has a grey header 'Get everything, forever' and features 'Calm for Life' with the text 'US\$399.99 billed once, get it forever' and a white 'Buy Now' button.

Subscriptions give you access to all Calm content.  
You can cancel your subscription at any time.

# Free Trial

The screenshot shows the Amazon homepage with a dark blue header. The Amazon logo is on the left, followed by a location pin icon and 'Croatia'. A search bar with 'Search Amazon' and a magnifying glass icon is on the right. Below the header, a navigation bar includes 'All', 'Today's Deals', 'Customer Service', 'Registry', 'Gift Cards', 'Sell', and 'Shop great'. The main content area features the Prime logo and a large text block: 'New members, try Prime free for 30 days'. Below this, it says 'Free delivery, popular movies and shows, exclusive deals, and more' and 'Only \$14.99/month (plus tax) after trial. Cancel anytime.' A link 'Explore other plans' is underlined. A large orange button says 'Start your free 30-day trial'. To the right, a grid of six Amazon Originals posters is displayed: 'Outer Range', 'Suits', 'The Peripheral', 'The Boys', 'The Rings of Power', and 'SpongeBob SquarePants Season 1'.

# Request-A-Demo

One-on-one demo meeting before granting access to the product

## PROS 👍

Allows for personalized pricing based on customer needs

Enables a deeper understanding of potential customers and their objections

Builds a personal relationship with users

## CONS 👎

Requires more commitment from the user, including time and energy

May require potential customers to disclose personal information

Limits the number of potential customers who are willing to engage in a consultation

# Request-A-Demo

- Need a walk-through to understand the value
- Requires extensive setup or commitment
- Has an extensive decision-making process
- Requires an extensive migration or transfer of data or workflow
- Have a bigger price range \$500+
- Have many products or modules packaged and sold together

# Request-A-Demo

# Anchoring

## Save big with Basecamp.

Basecamp replaces a bunch of apps. **See how our pricing compares** to bundling Slack, Asana, & Google Workspace together:

# Building

- Bundling can help increase ARPU while delivering more value to customers.
- The marginal cost of software products is often very low, making bundling a profitable option.
- It can also be used as a marketing tool to attract new customers.

# Building

## Unlimited possibilities. One low price.
