2080 is a cross-border accelerator VC who is supporting startups and founders to become global enterprises. We understand both global and local startup ecosystem. 2080 team is from top global accelerators such as 500 Global, Techstars and Mind the Bridge. Launchpad 10 is the third cohort delivered by the 2080 team.

Launchpad 10 Objectives and Overview

The Launchpad program propels innovative product ideas forward with expert guidance, ensuring rapid development with technologies (No-code and AI platforms). This streamlined approach accelerates the commercialization and successful launch of the Minimum Viable Product (MVP).

1

COMMERCIALIZATION & GROWTH

The program helps startups commercialize ideas by building business plans, defining customers, pricing, and investment readiness.

2

RAPID EXECUTION (RESULT - DRIVEN)

For MVP-stage startups, this program enables fast, repeated testing to find product–market fit.

3

CUTTING-EDGE TECHNOLOGIES PRODUCT

The program helps startups use no-code and AI to quickly build products and gather feedback.

4

MENTORING & PITCHING PRACTICE

Each stage needs mentors. We'll coach startups to build investable MVPs and strong pitches.

What Is New in Cohort 10

Cohort 10 keeps the proven Launchpad core and upgrades it where the market has moved. The strongest, most build-ready applicant pool yet meets a program tuned to it.

1

CORPORATE CHALLENGE TRACKS

Corporate and government partners set real industry challenges — engaged from selection through post-program outcomes, built on the successful Ministry of Sport pilot.

2

PHASE 1 EXTENDED: 2 → 3 WEEKS

More time to validate with customers, work with your mentor, and shape your MVP direction before Phase 2 selection.

3

TRACK-SPECIFIC MENTORSHIP

19 mentors onboarded, 9 from the local market & 5+ visiting mentor slots dedicated to the focus tracks.

4

CUSTOMIZED CURRICULUM

Partner intro sessions from Week 2 and track-specific content, tuned to the actual cohort profile phase by phase.

Industry-Agnostic. Track-Focused.

The Journey of One Founder

Sep 7 - 28
Phase 1: Ideation & Validation
3 weeks to sharpen your idea and talk to real customers — find the problem the market actually needs solved.

Sep 28 - Oct 17
Filtration 1
250 → 125. Execution and engagement scored by mentors, cross-checked with sector experts.

Oct 18 - Nov 14
Phase 2: MVP Development
The MVP takes shape with your mentor. At the Activation Event in Riyadh (Oct 20-22), you meet your track's corporate partner.

Nov 15 - 28
Phase 3: Market Testing
Early adopters onboarded. Real customers test the product — traction becomes evidence.

Nov 29 - Dec 19
Filtration 2
125 → 50. The strongest teams climb into the growth phase.

Dec 20 - Jan 2
Phase 4: Growth
Tell your story in numbers: metrics, unit economics, a narrative investors can check.

Jan 3 - 11
Pitch Prep
Outcome sessions with your corporate partner — then the pitch is sharpened.

Jan 12 - 14
Demo Day, Riyadh
You walked in with an idea. You walk out with a product, customers, and investors who know your name.

What Is Phase 1 for You?

3

Weeks: validation +
shaping your MVP
direction

20

Sessions: masterclasses,
workshops
& partner intro sessions

2

Assignments: Validation
Sprint
+ MVP Roadmap & Vision

3

Weekly syncs with your
dedicated mentor

Three weeks to validate your idea with real customers and leave with a clear MVP direction. The most advanced Phase 1 we have ever run: partner intro sessions from Week 2, a Replit build workshop with perks from day one, and your dedicated mentor throughout. You will finish Phase 1 with what earlier cohorts reached mid-Phase 2.

Phase 1 Ideation & Validation (Sep 7 - 28)

Goal: Validate your assumptions with real customers and shape your MVP direction. It's the most critical time for learning, engaging, and proving your commitment to move forward

 Masterclasses	9	Frameworks from experts: market, ICP, MVP, sprints, pricing, AI toolset 2026
 Workshops	5	Hands-on: value proposition, customer discovery, insights.
 Partner Intro Sessions	3	Industry challenge deep-dives from track partners starting Week 2
 Group Activities	1	Founders icebreaker in track meetups build your industry community
 Assignments	2	Validation Sprint (JTBD, VP + 10 interviews) and MVP Roadmap & Product Vision
 Weekly Mentor Syncs	3	Weekly syncs with your dedicated mentor to get tailored advice and track progress
 Startup Feedback Forms	3	Share feedback each week and help us improve your experience

Phase 1 Startup Checklist

Activity	What to Do	Deadline
Sessions	Attend from September 7 be active, ask questions, apply insights. Max 2 evening sessions per day, Mon - Thu.	Ongoing
Weekly Syncs #1-3	One sync with your dedicated mentor each week book via dedicated links.	By Sep 13 / 20 / 27
Assignment 1	Validation Sprint: JTBD, value proposition + 10 customer interviews.	Sep 17 (EOD)
Assignment 2	MVP Roadmap & Product Vision	Sep 27 (EOD)
Weekly Feedback Forms	Submit the short weekly feedback form (3 in total).	End of each week
Save the dates	Sep 23 & 24 Saudi National Day, no sessions. Sep 28 final Phase 1 sessions.	—

Expected Outcomes of Phase 1

By the end of Phase 1, every startup should walk into Filtration with these four things. They are exactly what the selection into Phase 2 measures.

1

VALIDATED PROBLEM & VALUE PROPOSITION

Backed by 10+ customer interviews and a clear summary of what you learned (Assignment 1).

3

MENTOR TRACK RECORD

Three weekly syncs completed with your dedicated mentor, showing progress week over week.

2

MVP SCOPE & ROADMAP

What you will build first — and how it fits your track challenge (Assignment 2).

4

FULL ENGAGEMENT

80%+ session attendance, both assignments submitted, and weekly feedback forms shared.

Filtration Criteria 1/2

PROGRAM PERFORMANCE

How you engage and deliver during the program

- 1
- Active participation** in all sessions and mentor syncs
 - 80% of the sessions attended
 - 2 assignments submitted
 - 3 weekly syncs completed
 - Quality of assignments:** depth of thinking, effort, and insights

IDEA & TEAM READINESS

How you translate learning into a strong concept

- 2
- Clarity of problem and value proposition**
 - Understanding of target customer & market** (*based on your research and interviews*)
 - Team readiness & coachability** (*how open you are to feedback and iteration*)
 - MVP direction & growth potential** (*scope, roadmap, track-challenge fit — plus scalability and timing*)

Filtration Criteria 2/2

By this stage, we're looking for teams who have turned their validated ideas into real products and early traction. All startups completing Phases 2 and 3 are recognized as official graduates of Launchpad 10. Advancing to Phase 4 is an extra level reserved for teams ready to enter their fundraising journey.

1

PROGRAM PERFORMANCE

Consistent participation, high-quality assignments, and engagement throughout the program.

3

COMMERCIAL & TEAM POTENTIAL

Clarity of business model, early traction, team stability, and strong pitching ability.

2

MVP Completion

Your defined MVP or core feature is built, functional, and aligned with your vision.

4

INVESTMENT READINESS

Scalable product, market opportunity, solid operational setup, and readiness for growth.

MISA & Misk Launchpad endorsement

What is MISA?

The **Ministry of Investment** (MISA) supports international and local startups entering the Saudi market.

One of its key initiatives is the [Startup Saudi](#) , which facilitates startup establishment and operations in the Kingdom.

Who is eligible for endorsement ?

Graduate from Launchpad 10 meaning **complete Phases 2 & 3**.

Eligibility is evaluated based on **performance, progress, and overall potential** during the program.

How does it work?

Nomination by MISK:
top-performing startups are proposed for endorsement.

Submission to MISA:
nominated profiles are shared with the Ministry; in parallel the startup applies to the MISA program.

Final Review: MISA conducts its own evaluation and take the licensing decision and related support activities.
The full methodology will be shared at a later stage.

Activity Types Overview

Activity Type	Description	What Startups Gain
Masterclasses	Expert-led lectures (1-to-many), minimal interactivity	Learn frameworks, best practices, and expert insights
Workshops	Hands-on sessions mixing theory and practice — build or test something live	Apply knowledge immediately, gain practical experience, and direct support
Discussions	Mentor roundtables exploring key topics from multiple views	Broaden perspective, hear real-world stories & diverse opinions
Partner Intro Sessions	Industry challenge deep-dives led by the track partners — starting Week 2	Understand what the industry actually needs — and adapt your solution
Group Activities	Small-team peer-to-peer collaboration formats	Get feedback, exchange ideas, build community
Weekly Syncs	1:1 check-ins with assigned mentors	Personalized support and accountability
Assignments	Practical tasks aligned with program milestones	Validate ideas, progress toward MVP
Feedback Forms	Feedback & progress loops from participants	Continuous improvement of your startup and program experience

Program Etiquette

- Be **respectful** of others and ideas, no harassment tolerated.
- Keep information and ideas within the group.
- If late, **don't interrupt** — use Slido for questions and check if it's already asked. Use chat to help each other. All sessions are recorded for replay.
- **Don't overuse AI tools!** AI tools are welcome, but we want to see your thinking, not copy-pasted GPT text.
- When book a session, be on time. Rescheduling more than 1 time is not acceptable.
- Don't DM every program team member same message

Program Guideline

- Have your **Camera On!** We are here to learn together.
- **Be on time**, Stay for the entire time.
- **Engage and Interact** with fellow founders and mentors.
- All sessions are **mandatory**.
- If anything, Ask questions and **communicate**.
- Be **respectful** of others and ideas, no harassment tolerated.
- Keep information and ideas within the group.
- Email to launchpad@misk.org.sa or Q&A in WhatsApp group
- Right Name Tags on Zoom:
 - "Company Name_Name"
 - e.g. 2080Ventures_Julia
- **Be Human**.

Phase 1 Startup Checklist

Let's kick things off strong! This checklist will help you stay on track during weeks 1-3. Tick these off to maximize your Launchpad 10.0 experience:

- **Attend Live Sessions**

Join masterclasses, workshops & discussions live — interact, ask questions, and learn by doing.

- **Weekly Mentor Sync**

Connect with your assigned mentor for a 1:1 session. This is your space for feedback, direction, and support.

- **Submit Assignment 1&2**

#1: JTBD, Value Proposition and Customer Discovery proof

#2: MVP Roadmap and Product Vision — complete the tasks after the dedicated sessions.

Stay sharp, keep it short, and submit by the deadline.

- **Submit Weekly Feedback Form**

Let us know how your week went. Your input helps us continually improve the program.

- **Get to Know Your Cohort Mates**

Tools & Logistics

- **Email:** Your main source of official reminders, announcements, and responses to your questions.
- **Dashboard:** One place with it all — every link, deadline and reminder.
- **WhatsApp:** Community support — quick updates, Q&A, and key news with the cohort.
- **Airtable (No Account Needed):** Access the program curriculum, submit assignments, and track your own submissions.
- **Google Calendar:** All Zoom links and session timings — make sure to subscribe!
- **Startup ID:** Required when submitting assignments or reaching out with questions — always include it.
- **Participant ID:** Needed to join and get access to online sessions. Keep it handy!
- **Calendly:** Book your weekly syncs with your dedicated mentor at your preferred time slot.
- **Slido:** Questions collected during the sessions.

How to maximize moving forward?

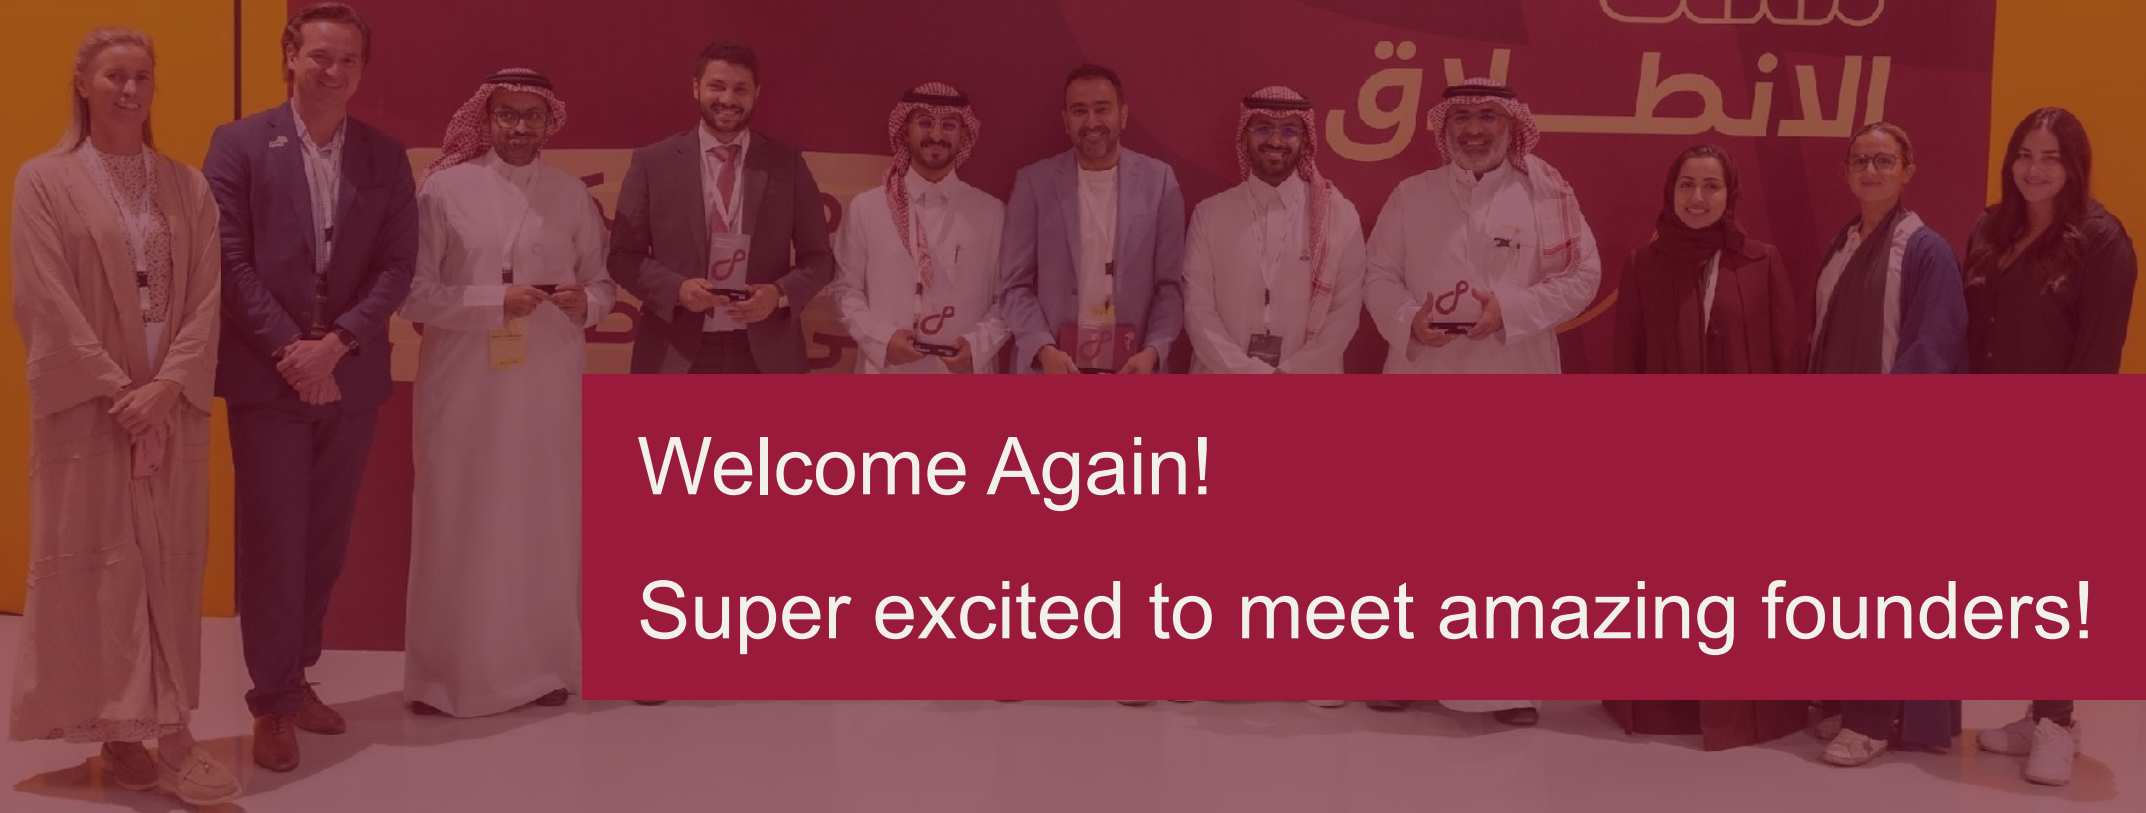

Phase 1 is your MVP — it's not about being perfect, it's about showing progress, commitment, and momentum
